

Mr Grinling is in trouble, he has written to us asking for help

At the seaside (with the pirates!) Summer 2 2026

During this topic we will be exploring what it is like to be at the seaside, we might even meet some pirates!

We will find out how lighthouses work and why we need them.

We will meet Katie Morag, we will find out where she lives and why it is different to where we live. We will also explore how maps work.

We will find out about rock pools and tropical fish.

We will think about what we need to take to the beach to keep us safe.

We will do some hot seating to find out how the characters feel in different stories.

We will read stories and write sentences about what we have found out.

We will do guided reading.

We will write letters, explore rhyme, write about how we should treat our friends. We will write a message in a bottle.

We will be exploring doubling, halving and sharing. We will be looking at odd and even numbers. We will be thinking about capacity and weighing.

We will do phonics everyday meeting new sounds, tricky words and key words. We will be writing our own sentences.

We will go swimming almost every day

We will explore outside every week during our welly walk.

We're going to the seaside!
