

A Guide for Classroom Helpers

Who Can Help?

Any friends of the school can help, not just parents. We have lots of Granny's who come and help us in class.

What will I be doing?

Anything!! You might be changing reading books, helping with an art activity, helping on a school trip or even making a scarecrow. We always have plenty of jobs.

If you are always working you can still help us by collecting paper, card, foil, tubs, wood, fabric and sending it into school.

If you have a skill or job that links into a topic we are doing we might ask you in to share or expertise with the children.

If you do come into school to help, please remember that everything you see and hear must remain confidential.
